THAT TELLS EVERY TIME.

IN LIGHT READING: There are thousands of volumes contained in the Lovell's Seaside, Siz Penny, Ogilvie, Ivers and many other Series going at EASTERN PRICES.

IN DIALOGUES, Recitations and Elecution, any works, the variety is astonishing.

IN THE POETS: There is every author of note, in every style of binding, also an immense assortment of gift books by every author of renown.

SCHOOL SUPPLIES and general Stationery are beyond enumeration, every taste and fancy being looked after.

It is, however, in the Fancy Goods lines the most interesting collection is to be found. Over \$200 worth of **CHRISTMAS AND NEW YEAR'S** Cards and Souvenirs have just arrived from the manufacturer. The taste that cannot be satisfied here must be very rare indeed. In the more costly presents the designs are certainly most replete.

It is charged by the leaders of the "com-pting (i) railway" agitation that the C.P.R., rates especially wheat rates, are exorbiant and that this is their chief ground for building the R.R.V.—that it may be the deliverer of the people from their present bondage. As we have shown, the Free Press admits, no matter now many R.R.V railways may be built, none of them can legally or constitu-tionally eater the added territory. In our opinion, then, the only bondage we can see the people of the west are subjected to a their portion of the liability for the R.R.V. when they can derive none of what are alleged to be an unexpective benefit.
